

**Sussex Police**  
Serving Sussex

[www.sussex.police.uk](http://www.sussex.police.uk)

Due to the two recent Murder investigations in Fernhurst and in East Ashling some Police officers and PCSO's from across Chichester District have been reallocated from their usual duties to assist with these investigations.

Whilst we are striving to carry out business as usual and the impact of these operations on day to day policing is being minimised, please bear in mind that our resources are being stretched and as a result some of our community engagement, follow up enquiries and contact may take a little longer than usual.

Our response to emergency calls should not be adversely effected during this period.

For details of how to contact us for non emergency incidents please see the Sussex Police website [www.sussex.police.uk](http://www.sussex.police.uk) .

If you need contact from a specific member of our staff then please allow a reasonable time for us to return your call or email before making further contact.

Thanks again for your understanding during this busy
