Scam Letter

Found this and thought of you...

Chichester has recently seen a high number of computer and laptop thefts, which means families have been losing important home and work files, priceless photo memories, their music, videos and more.

Mike from down the road just showed me a new website which is offering people in the Chichester area free computer backup which will help us all keep our files safe, even if your computer crashes or is stolen!

If you type in www.mypcbackup.com/chichester you can get a free account.

I just thought this was good as I know you have a computer.

I think you can only get this special free account for another few days, as it says on their website it will expire soon.

Hope you and the family are well

Laura

Many of you may have received a letter like this through the post recently.

Please ignore this and throw it away immediately. It is a scam.

Please let your friends, family and neighbours know.
